| | : | |
| PETER GRAHAM, M.D. | : | CONSENT ORDER OF LICENSURE |
| | : | WITH RESTRICTION |
| TO PRACTICE MEDICINE IN THE | : | |
| STATE OF NEW JERSEY | : | |

This matter was opened to the New Jersey State Board of Medical Examiners ("Board") upon receipt of an application for licensure to practice medicine and surgery in the State of New Jersey. The Board has reviewed the application for licensure, all relevant documentation submitted and Dr. Graham's September 19, 2005 testimony before the Credentials Committee of the Board. Dr. Graham discussed the disciplinary action taken by the New York State Board for Professional Medical Conduct ("New York Board") on April 12, 1996 based on a finding that he was guilty of gross negligence, negligence on more than one occasion and failure to maintain records involving two emergency room patients. As a consequence, Dr. Graham's New York medical license was suspended for a two year period which was stayed with the imposition of probation for two years and a permanent restriction that Dr. Graham can only provide emergency services under supervision. Given that the conduct occurred ^{about 14 years ago,} ~~almost a decade ago~~ and *(PQ)* has not been repeated, the Board did not believe at this juncture a New Jersey State suspension is warranted. It is expressly noted that Dr. Graham testified he no longer practices emergency medicine and he has no interest in providing emergency services in New Jersey. The Board also notes that the two year period of probation imposed by the New York Board has ended and Dr. Graham currently has an active license to practice medicine in New York State.

CERTIFIED TRUE COPY

The Board being satisfied that Dr. Graham's agreement to only provide emergency services under supervision is adequately protective of the public health, safety and welfare, it appearing that the entry of the within Order is in the public interest.

IT IS ON THIS 15TH DAY OF NOVEMBER, 2005,

ORDERED AND AGREED THAT:

1. Peter Graham, M.D., shall only provide emergency services under supervision in the State of New Jersey. In the event Peter Graham, M.D. seeks to provide emergency services, the supervisor, and any successor thereto, shall be approved by the Board and shall be an individual who has in-person contact with Peter Graham, M.D. at least one time per day during the time Peter Graham, M.D. is at work. The supervisor shall be given a copy of this Consent Order. The supervisor shall agree to report to the Board in writing every four (4) months.
